Victor 921 Pocket Multimeter
6000 Count DTM0660 based
Long press REL△HzDuty for serial output.

Serial logging tested with QtDmm
http://www.mtoussaint.de/qtdmm.html
https://github.com/pingumacpenguin/QtDMM-DTM0660-Version
and SigRok
https://sigrok.org/

Autorange, Auto Power off.
DCV: 600.0mV,6.000V,60.00V,600.0V,600V
ACV: 600.0mV,6.000V,60.00V,600.0V,600V
Ω: 600.0 Ω,6.000k Ω,60.00k Ω,600.0k Ω
6.000M Ω,60.00M Ω
Frequency: 100Hz,1000Hz,10kHz,100kHz
1MHz,10MHz
Duty Cycle: 0.1%~99.9%
Cap: 6.000nF, 60.00nF, 600.0nF, 6.000µF
60.00µF, 200µF
Diode Test: 0V~1.5V
Continuity: <60Ω sounds buzzer.

CAUTION: Limited input protection, treat the Cat II rating as advisory. Use suitable gloves and eye protection if measuring >100V AC or DC

Victor 921 Pocket Multimeter
4000 Count DTM0660 based
Long press REL△HzDuty for serial output.

Serial logging tested with QtDmm
